Are you dying to discover the truth once and for all...if there really are dark secrets that the
6 and 7 figure super affiliates keep very quiet...**the exact same fail-safe secrets that separate them
from you?**

Well if you really want to know the disturbing answer - to finally discover the shocking truth that may
overwhelm you with anger...then read this whole letter very carefully...

Dear fellow affiliates and wannabe affiliates,

About 6 months ago now it finally happened. A private meeting took place between myself and a ring
of underground super affiliates that I had been seriously tracking down for months prior to that ...trying
to set up the now infamous meeting.

These guys bragged that they had a killer proven system that laid waste to anything out there. That this
secret system was able to produce affiliate profits almost on demand and that they were using it to
literally **clean house with clickbank.**

Now I have to be honest, I've seen my share of dirty affiliate tactics - but nothing ever closely
compared to what they showed me that evening. Methods that weren't familiar. But maybe even more
important. They also showed me proof that using this system alone they had generated **\$451,340 in 6
months** strictly from their affiliate marketing efforts. That's profit by the way - not gross sales. Almost
a half million dollars.

I was completely blown away by what I was witnessing.

I had to have access. I begged and pleaded with them to allow me to test out their methods. After some time, I was able to cut a ruthless deal with these underground power players to allow me to use this super system as long as I agreed to keep my mouth shut - to clean up and not whisper a word of it...to anyone.

Quickly I implemented this "*super affiliate methodology*" and the results blew my mind.

Within days I was seeing my accounts go from a few dollars to days like \$121.30 a day. In just weeks my earnings were hitting marks like \$388.47 and \$608.66 a day...

Then after just weeks, using this system.
\$2,013.60 in one day in one account.
