Dear IMWishlist Member,

There are only 3 ways to get targeted traffic.

You buy it, borrow it or create it.

It's simple. Buying works, but it costs money. Obviously buying traffic is the last thing we typically want to do. **Why pay when you can get it for free?** So what about borrowing it...

Borrowing traffic can work well. This involves joint ventures, exchanging links and other means of trading traffic for something. Again, we have to give something to get the traffic.

What about creating it?

Targeted traffic is created in 2 ways. First, it comes from organic search engine results for your sites. Second, it comes from "good" backlinks to your site from high traffic sites on the web.

**Article Submitter Is a Traffic Espresso “Double Shot”
— It Blasts Your Organic Search Results & Builds
Hundreds of Backlinks!**

But, don't take my word for it. Listen to Mark Flavin of Unorthodox Traffic and a happy Article Submitter user has to say...

“...Drive Buckets of Traffic To My Sites!”

Hey Brad,

I totally agree. I have hundreds of articles on goarticles.com & ezinearticles.com and they drive buckets of traffic to my sites everyday.

And here's another satisfied Article Submitter user...

“...One of the Best FREE Ways To Guarantee Traffic For High PR Sites!”

Hey Brad,

Article Submitter is nice and simple to use, which is always a plus. Article directories are one of the best free ways to guarantee traffic for high PR sites.

Everyone should use this fantastic piece of software. Traffic is the blood which pumps through your website. Article submitter is a powerful (free) route to making money online.

Many thanks for “making web life easier”!

Sincerely,

Now I realize, you probably already know this stuff or you wouldn't be here. In fact, you probably already use Article Submitter or Article Submitter Gold.

But I had to let you know something...

We've been working day and night for the past **year and a half** to complete the most powerful article submission tool available anywhere, period.

Article Submitter Platinum Is Finally Here and It Blows the Doors Off Any Other Article Submission Software... Including My Own!

You read that right.

The brand new Platinum version of Article Submitter takes article marketing to a whole new level. **The key is in the "One-Click" automatic submission functionality.**

What's that, Brad?

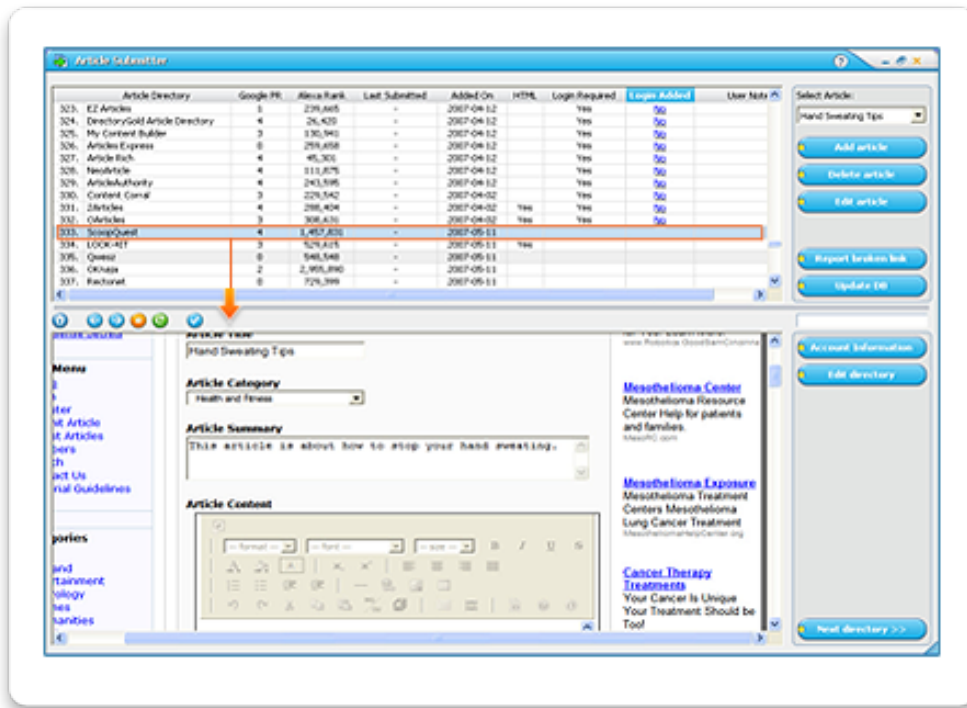

Platinum has been programmed to do EVERYTHING for you at one click of the mouse. You just enter your article and click to submit it to 210 directories. **You can work on something else... play golf... anything you want!** Platinum does the work so you don't have to.

Before I show you how awesome the new Platinum version is...

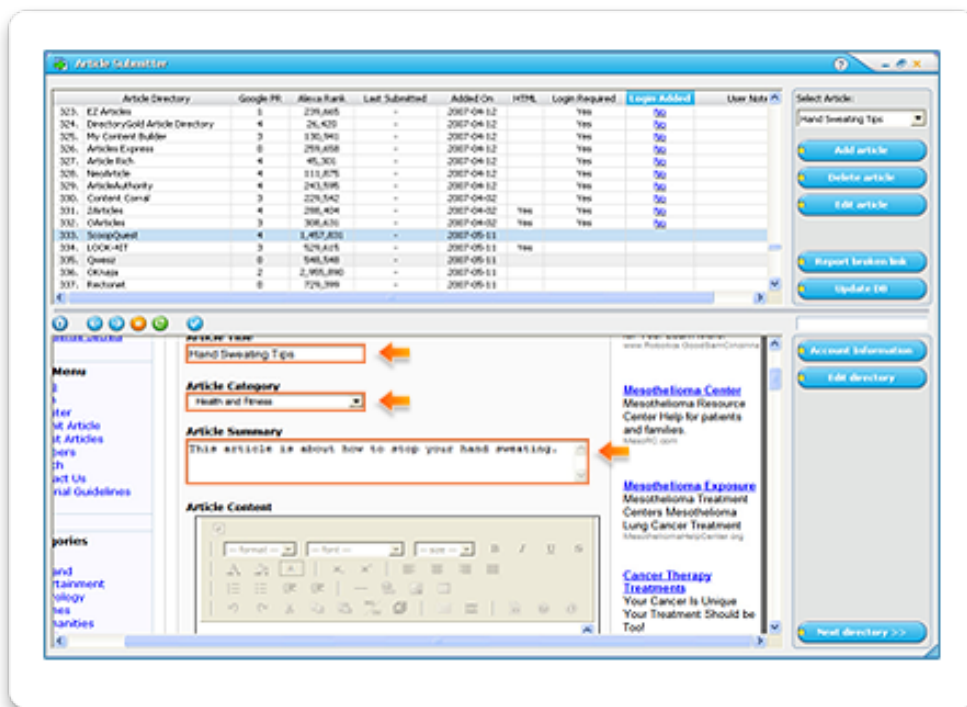

Let's Take a Quick Look At How Article Submitter and Article Submitter Gold Work Their Magic...

If you currently use Article Submitter Gold or Article Submitter, bear with me a minute, this won't take long.

The Standard and Gold versions allow you to click on each article directory located inside the software. The software will then display the specific directory in the lower frame.

It will then auto-fill each of the submission fields required by each directory, eliminating you from manually typing in all of these fields yourself.

Next, you would simply scroll down and click the submit button. Then move to the next directory and repeat the process.

This is an incredible time saver and the reason **Article Submitter** is used by nearly **40,000**

users worldwide!

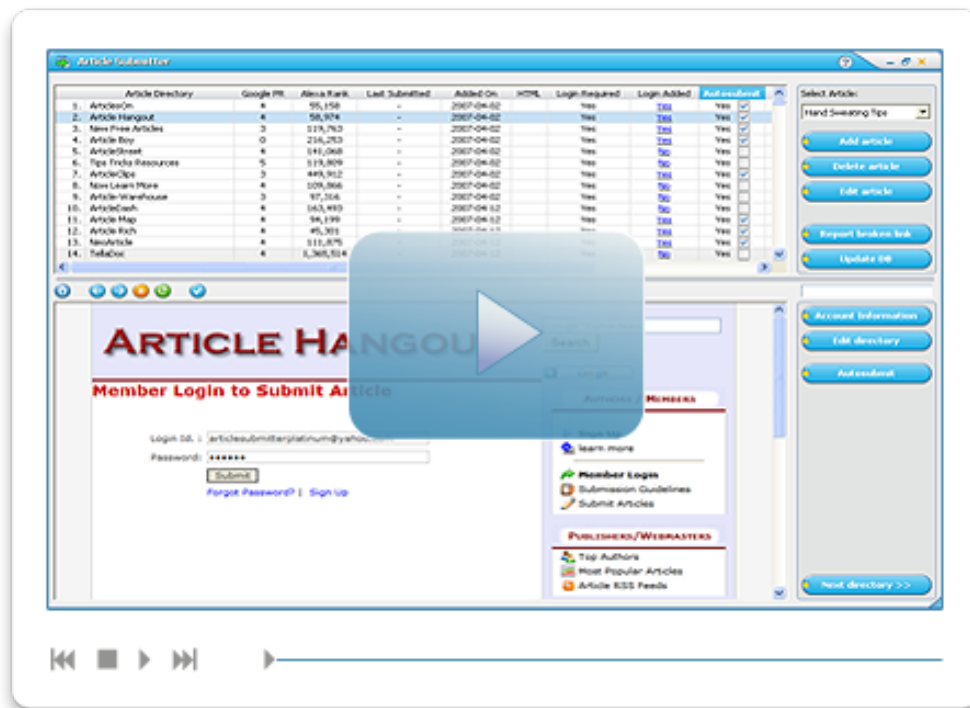

But You Can Do WAY Better With Article Submitter Platinum and Its "One Click Mass Submission"

This is where **things** really start to get exciting...

With Article Submitter Platinum, you simply **select all of the directories** you would like to submit to and then **click "submit" ONCE** and *BAM!* Article Submitter Platinum goes through all of the directories for you, automatically.

If you're really bored, you can kick back and watch it autofill the fields, input the required captche code, and submit your article as it marches through one directory after another.

Or you can make it to the course in time for 9 holes... Or whatever it is you'd rather be doing other than sitting in front of your computer.

This all happens with **ONE** mouse click!

There is **no other tool on the planet** that can submit to hundreds of article directories with **ONE** mouse click!

Just Compare Article Submitter Platinum To Its

“Younger Brothers”... Imagine What This Means For Your Site in Traffic!

	Quickly & Easily Submit To Article Directories	Recieve Regular Software Updates	Auto-Fill All Submission Fields	Number of “One-Click” Submission Article Directories	Total Article Directories You Can Submit To
Article Submitter				0	85
Article Submitter Gold				0	374
Article Submitter Platinum				210	374

You know the truth.

While submitting articles has been made easier than ever with Article Submitter and Article Submitter Gold... It can still take a long time to submit to hundreds of directories.

And we both know what that means?

We don't submit as many articles to as many directories as we should. I know I don't.

And neither did this guy until he got “the hook up”...

“...Submitted More Articles In the Last 2 hours Than I Have All Month!”

Hey Brad,

This is an incredible too. I've submitted more articles in the last 2 hours than I have all month. Thanks for over delivering..
