Create Professional Adobe® Compatible PDF Documents

PDF Creator is a cost effective solution over the leading PDF product, Adobe Acrobat® 8. PDF Creator allows you to create PDF files from documents, spreadsheets, presentations, emails, websites, and virtually any file that can be printed. PDF Creator is a virtual printer so it's automatically integrated and ready for use in all of your favorite Windows® programs. This includes all of your Business applications, Multimedia applications, Web applications, Presentation applications and the list goes on and on. If you can print it, you can turn it into a PDF document.

"PDF Creator truly is an amazing program. With very little effort and the help of PDF Creator, my office is now 95% paper free!"

-Diane S New York, NY

Combine Multiple Files Into Adobe® Compatible PDF Documents

PDF Creator will even allow you to combine multiple files into one easy to share PDF document. You can combine your PowerPoint sales presentation with your sales spreadsheet into one convenient PDF document in mere seconds. You can combine any number of files of different file type into one professional PDF document. You can combine your multimedia documents with your sales brochure or combine website pages with excel spreadsheets. The possibilities are endless when using PDF Creator for your PDF development needs.

"Wow, in less than 5 minutes I was creating my very own professional PDF documents. Even better, I saved over \$400!!! Thank you so much for such a wonderful product!"

-Mike P Chicago, IL

Secure Your Adobe® Compatible PDF Documents

PDF Creator has many features that give you complete control when it comes to protecting your PDF documents. PDF Creator includes strong 128bit encryption and will allow you to password protect your PDF documents. You can even set a password for more advanced features like changing user permissions and passwords. With PDF Creator you can disallow Printing of the document, disallow Copying of Text and Images, disallow Modifications to the document and disallow Modifications to comments. You may even set your PDF document to allow or disallow the following features: Low Res Printing, Screen Readers, Filling in form and Changes to the Assembly. With PDF Creator you are in complete control of your PDF document.
