Fat Loss Secret That  
Doctors Refuse to  
Tell You About!**

**TOP SECRET**

**FAT  
LOSS SECRET**

[Earnings Disclaimer](#) | [Contact us](#) | [Affiliates](#)

World-Famous TV Lady Doctor comes forth and blows the lid off the conspiracy to keep you unhealthy, fat & just plain sick...

# **Shocking Proof!**

## **Here's the real reason you're fat...**

"The Reason You Can't Lose Weight has Nothing to Do With Your *Will-Power, Over-Eating* or the *Right Diet!* ... The Reason You are Fat and Unhealthy is Because **You Have Disgusting *Plaque* and Horrible Little '*CRITTERS*' Living in Your Guts!**"

"...And Now I'm Going to Show You How to Get Rid of All of It so You Can **Shed 10 lbs, 25 lbs, 50 lbs even 100 lbs or more - and Keep It Off FOREVER!!**"

## Ask yourself ...

Do you really want all this junk living inside your guts?

**This is harmful Plaque** (below) - Everybody has it. But to keep from getting sick and to be able to maintain a healthy body weight you **MUST** get rid of it now!

If you don't, it will eventually cause you to not be able to lose weight **(regardless of how much you diet and exercise!)** and eventually it will kill you!

**These are harmful Parasites** (below) - Everybody has them. If left to live and breed inside your stomach, small and large intestines and colon, they will eventually cause you to puff up, gain lots of weight, get sick more often, and take many, many years off your life!

**They use your body as a 'Food Storehouse' and so they can live and breed by the millions.** But now it's time to flush them out and down the toilet for good. If you don't they will just make you fatter and much, much sicker!

Would you trust anything living in your bowels that has teeth but **NO** eyes?

**"Most doctors, so-called diet gurus and fitness experts are either lying to you, or just plain don't know what they're really talking about!"**

**That's Right! This lady Doctor is Ticked-off at Everyone for Lying to You!! ... And Now She's Putting an End to It for Good!**

**...But Will You Listen to Her???**

9:08 a.m.

Wednesday

**Dear Friend,**

I really do care about you! - And I want to be YOUR Doctor! ...

Although I've never met you face to face, I do in fact care about you very much. And it saddens me deeply that despite assurances from the people you believe you can trust, you are nonetheless being lied to every single day.

In fact, this very fact alone literally breaks my heart.

**Here's the straightforward TRUTH:** Doctors, Diet Food Companies, and Health Professionals are now lying to you, and have been lying to you and everyone else for decades.

## Want PROOF?

That's easy! - Just look around you as more and more *diet foods*, *magic diets*, *diet fads*, *health foods* & even *drugs* supposedly designed to make you lose weight become available, **people are nevertheless getting FATTER and FATTER and LESS and LESS healthy!!**

You don't need such-n-such medical agency or someone at CNN telling you a **bunch of fluffed up statistics and misleading numbers** when all you have to do is ask yourself this easy question:

*"Why is it that we have 21<sup>st</sup> century medicine and the greatest resources available to us on earth now more than ever, but people are just getting fatter and more and more unhealthy?"*

**Never let anyone argue against your reasoning, and keep this question in the back of your mind no matter what - and regardless of what someone else may say!**

More importantly, try asking this question above to everyone you know, including doctors and health professionals, and see what kind of answers they give you.

I already know exactly what responses you'll get from them:

- "It's not an easy thing to answer." (**Yes it is - just say it, doc!**)
- "The answer is far more complicated than the question." (**Not really, what are you hiding, doc?**)
- "She [me] is only interested in selling you her diet book." (**I'm really just trying to save your life!**)

- "People have no self-control." (*If this were true humans would have died off ages ago due to eating themselves to death - and many doctors rely on this answer above most of the others! Ridiculous!!*)
- "There are more fatty foods out there today." (*And you know this is a load of crap because \$100 millions of dollars are being spent on the manufacture of so-called healthy foods today than ever before - yet a WHOPPING 68% of most people living in North America alone are considered OBESE! - And even other nations are starting to see the 'bulge!')*)

What's worse is if you actually settle for their answers and just assume that everything is going to be fine (but it won't!)

**If you don't act now, you may not live much longer!**

As a doctor I've seen far more than my fair share of people who were alive one day and then dead the next.

What really SHOCKED me was when talking to their loved ones a tad later to actually hear some of them say such things like:

- **Ways** to keep from ever getting sick!
- **Disease prevention!**
- **Truths** about health foods & revolutionary diets!
- **Proof** who is doing what to harm you & your family! (and how to stop them!)
- How to succeed as a **woman entrepreneur!**

... And much, much more!

**The MOST exciting online magazines you'll ever need - join just by filling out the simple form below!**

Remember: We hate Spam as much as you do, so you know we'll never divulge your name & email to anyone, now or ever!

Your First Name:

- "He seemed so healthy!"
- "She was so young, it's not fair!"
- "I don't understand, he ran 5 miles a day!"
- "What a shock, she ate only the healthiest organic stuff!"
- "Something else must have caused it as she was a vegetarian."

...and so on.

**And before I say one more word, I want to assure you that I do NOT for a single second ever wish to hear "bad news" such as this about YOU!**

Like I said, even though we've never met I do in fact really care about you.

### **How is it possible that I care so much about you?**

Because even though we have never met, I do understand that like me you also have people close to you. Under different circumstances and had we actually met, who knows, you may have become one of my closest friends.

Or, look at it this way: I have a sister, and two brothers, as well as a mom and a dad just like you too have a family. And I wouldn't for one second want to ever hear anything bad as ever happening to anyone of them.

So likewise, you could just as easily have been my brother or sister, or someone close to me --- **and it would tear my heart out if anything ever happened to someone I loved.**

Your Email:

## **I want us to become close friends starting "YESTERDAY!"**

Time is one of those things that before you know it you end up saying things like *"where's the time gone"* and *"wow! It seems like only yesterday!"*

And because things just seem to be happening today faster and faster, time is now a much more cherished commodity!

And since time is so precious, I don't want to waste a single moment more - but would like YOU to become my friend starting *"yesterday!"*

**I promise as your new friend never to lie to you** (*like all the others*) **and to only give you the absolute truth** (*absolutely UNLIKE all the others!*)

I want you to think of me as your **"guardian angel"** - literally someone who's willing to watch over you when nobody else will - or even when YOU may fail to watch over yourself.

**And I'm perfect for the job as I've been told by everyone I know that I care more about people and want what's truly BEST for them more than anyone else they've ever met!**

Maybe I am tooting my horn a tad - but what I'm saying to you now is completely the truth!

And if you want to put me to the test, I'm willing to accept your challenge all day long.

**I will do everything to be your best friend and help you:**

1. Lose weight (and really keep it off for good!)
2. Live longer!

3. Feel great (and all the time!)
4. Get rid of any conditions (and even disease when others said there was no hope!)
5. Stay fit, feeling good, looking younger and more "vitalized" than ever before!

With what I'm going to give you just 2 minutes from now and **only one click away**, you will become "super-charged" with new exciting health!

You **WILL** lose the weight (and regardless of all the BS and other fads and diets you've tried before!)

### **What's so different about what I'm going to give you from all the others?**

That's the easiest question of all for me to answer!

**Here it is...THE TRUTH (finally revealed!)**...

"The reason all the other diets, diet foods, organic foods, healthy foods, medicines and all the rest don't work in this modern technologically-amazing age is because **THEY WERE DELIBERATELY DESIGNED NOT TO!**"

Are you shocked? ... stunned? ... in disbelief? ... surprised? ... or even ANGRY?

You should be all of the above (**but especially "ANGRY!"**)

### **Why should you be "angry" over all the others?**

**Simple:** What if your mom died, and after an autopsy someone found out that she had been poisoned? Would you want to hunt the person down and kill them for poisoning your mom?

Of course you would (anyone would!)

**But what you may not really be ready to accept is the fact that someone IS already poisoning your mom, your dad, your brothers and your sisters, and your closest friends!**

***And they're actually getting away with it!!***

I know that last line above is perhaps scarier than everything else - i.e., the part about those poisoning everyone and them *getting away with it*.

**Here's a fact that may shock the daylights out of you!...**

**Japan refuses to accept a single export from the United States in meat & dairy produce!**

Now, what does that tell you? That Japan is *snobby*? Nope! That Japan citizens hate milk and meat? Come on, you know better than that!

What it REALLY tells you is that the Government of Japan is on to something few (if any) people really know about! -

**That our foods have been filled with "unnatural" things that they aren't supposed to have!**

And if you knew what I already KNOW, and if you saw what I've already seen FIRSTHAND, **you'd be very, very ANGRY!!**

**I've had patients come to me and laugh at my advice, only to later suffer a**

## **stroke, get really sick, or even die!**

Yet before when they were laughing off my revelations about the TRUTH, they seemed like they knew better than me - only a tad later their own health PROVED them wrong - VERY WRONG!

**And I'm not proud of the fact that they refused to listen to me - again, it broke my heart because like I feel about YOU, I felt about them too!**

## **But enough dilly-dallying! ... Let's get down to the nitty-gritty! ...**

 Do you REALLY want to **lose weight**? *(Please answer 'Yes!')*

 Do you really want to **look sexier and slimmer**? *(Again, please answer 'Yes!')*

 Do you really want to **look and feel YOUNGER**? *(Ditto above!)*

 Do you really want to **be forever free of sickness and disease**? *(Ditto above!)*

 Do you really find it such a surprise that **food & drug companies profit off you being sick**?

And did **you understand everything I said above** about how other diets, diet foods and drugs and medicines are actually "deliberately" designed NOT to work at all - but just make you sicker? *(Ditto above!)*

**Check any one or more:**

**If you answered 'yes' to anyone one (1) question above, then there's hope for you.**

**If you answered 'yes' to any two (2) questions above**, then I'm convinced you may be a little willing to get serious.

**If you answered 'yes' to any three (3) questions above**, then I suspect that you could really start making a difference with a little extra effort and some willingness to go further.

**If you answered 'yes' to any four (4) questions above**, you have 80% of what it takes to succeed very soon!

**But if you answered 'yes' to ALL FIVE (5) of the questions above**, then you are 100% ready NOW (*not next week, or worse never!*) to **get started TODAY and forever change your life for the very BEST!**

**But I don't want you to make up your mind just yet - I want to show you real results first (then you can decide if this is really right for YOU!)**

Nothing speaks louder than real living and breathing RESULTS ... and that's exactly what I have for you just below.

Rather than tell you this-or-that, just browse the pics sent into me by people I've already helped...

"You will never believe the difference you've made in my life!

"I've lost 106 pounds in just 122 days - and kept it all off!

"My own doctor told me your were full of it (but we both showed him, didn't we?)

"The greatest part is that as a little girl I always dreamed of being an exotic model but because I was fat I thought it could never happen to me.

"But after losing over 100lbs I'm now modeling - and was even on one of those QVC TV shows as a dresses model!"

**Kelly P** (full name withheld per request)

All these people above used my **"Top Secret Fat Loss Secret"** and now feel better, look better, are way healthier, and have now added years to their lives - not to mention a better quality of life altogether! - **And YOU can too!**

**These people had tried diets and fitness routines, probably just like you have been doing! ... And just like you, they failed miserably time after time! ... But then they found out the TRUTH about foods poisoned by dangerous chemicals that resulted in *Plaque*, and how food companies actually put in *Parasites* deliberately designed to make you fat and to make you sick - and they got rid of all that junk using My Breakthrough Secret!**

Listen, I'm sure I don't have to twist your arm to make you understand and see the truth here, right?

I mean, just look around you at how many people you know who keep failing over and over again with diets and fitness routines supposedly designed to make them fit, lean and healthy.

➡ **Doesn't that smell a little fishy to you?**

It makes sense that if diets were really meant to work then you'd hear more and more stories of people who used them successfully.

But that's **NOT** what you hear at all!

**Instead, all you hear about are your friends complaining that they've been starving themselves to death -- yet still have trouble losing a single pound!**

The main reason this is so is because dangerous parasites living inside their guts (and even **YOURS!**) excrete chemicals (waste products) that travel to your brain and tell your "hypothalamus" to make you store more and more fat for THEM to eat!

In other words, these parasites are making **you** a GIANT 'food factory' for THEM to eat! -- **YUCK!**

**Read this excerpt below about "worms" living in your bowels even now! ...**

**Life cycle.** Infection with the adult worm is acquired by the ingestion of raw, poorly cooked, or pickled salmon, trout, perch, pike, white fish, grayling, ruff, eel, etc., harboring the plerocercoid larvae. After five or six weeks, the larva matures to the adult worm. Both eggs and proglottids are passed in the stool. The eggs develop in 2 weeks, and hatch to become ciliated coracidium larvae, and are ingested by the first intermediate host, the copepod. The copepods, containing the proceroid larvae, are ingested by fish, the second intermediate host, contains the plerocercoid larvae.

For the full story and a whole lot more [click here](#).

**Imagine how easy it is to get this one parasite alone!** It's in poorly cooked fish and actually lays eggs inside your

bowels. (You know this is true or else why do we always say "close the lid on the toile" to keep our pets safe from drinking parasite-laden water?)

Even your bladder is not safe from **harmful parasites that lay 10,000s of eggs!** ...

Human bladder infected with *Schistosoma haematobium*. Eggs and extensively infiltrated eosinophils are seen. H&E, X400.

---

**Now watch this disgusting video of a real parasitic worm trying not to be stirred out of someone's bowels ...**

Again, these worms get inside you, then they make "you" their new home - and they don't want you to bother them as they prefer not to be disturbed (as they eat you alive, make you fat, and cause you to become diseased over time!)

**Parasites can even become "mineralized" and block your body's ability to absorb nutrition properly! ...**

These *little critters* are no joke! **They are DEADLY!**

Not only can they hurt you while they are alive inside your guts, but they can die and then become mineralized (**just like a fossil!**) and cause *painful swelling, blockages* and *other harmful things*.

**Read this caption and screenshot just below:**

In the majority of patients, the worm will have degenerated and is no longer identifiable. *O. apistomum* is approximately 1 cm long and 0.3 mm thick. *O. stephanostomum* is about twice this size. When the worm dies, it curls up and is eventually mineralized (calcified) and becomes visible radiographically. In the tropics, the tissues of many patients contain mineralized worms and eggs, and *Oesphagostomum* cannot be distinguished from any other mineralized parasites.

**But wait! ... There's even more gross junk inside you (even right now as you're reading this!) ...**
