From: **Dr Suzanne Gudakunst**
Wednesday, 10:05 a.m.
Scottsdale, AZ

Obviously you are someone very interested in making a great living, and possibly even a fortune, all from the Internet, right? And this is a very wise ambition considering how many people have done exactly that! **I know because I am one of them!**

As a doctor I made what most people consider "good money" - about **\$125,000 a year**.

But it wasn't until I got on the Internet that I made a huge fortune!

Just see if you can guess how much money I make online yearly now that I'm harnessing the power of the Web? Do you think I now make over \$250,000 a year? ... Or how about \$500,000 a year online?

Nope! Neither is even close!

Without sounding like too much of a braggart I will tell you that **I am making about \$15 million a year online** - comfortably, easily and best of all: **AUTOMATICALLY!**

That's right! Whether I'm at my Office (*which is in my mansion in Scottsdale, Arizona*) or flying someplace in my personal **\$7.5 million jet** (*just like Fergie!*), or even if I'm vacationing like I do in *Greece*, or on the *Mediterranean Sea* (*which I really do on my 102' Harwal Marine Custom Dutch Yacht valued at more than \$12 million!*), it doesn't matter: **I'm still making about \$42,000 a day! (Again: automatically!)**

Fergie "flying 1st class up in the air!" (Just like [me!](#))

I've done all this (*made my millions, I mean*) just through offering health-related products on the Internet rather than through my own doctor's practice!

I studied years and years to become a doctor - yet that only made me at the most about \$125,000 a year. But I didn't start making upwards of **\$15 million a year** until I started selling the very best health-related products online.

And now I figure with my success as a guide, it's YOUR TURN! ... I'm actually out to set you up in a very PROFITABLE "health-related" web business of your very own!!

Look at this screenshot of a ***Brand New Website*** I'm giving to a limited number of people **TODAY** only!

"This Famous TV Doctor has Discovered Once and for All the **"Top Secret Fat Loss Secret" Other Doctors Refuses to Tell You About!" ...**
... And now she's just going to give you her secret! ...

Dr Suzanne Gudakunst has finally come forward to reveal her discovery that to get rid of fat has little if anything to do today with diets and exercising, and more to do with **toxic build-up** in your intestines and **parasites** living in your stomach!

This toxic build-up eventually forms a **plaque** that coats the interior walls and lining of your colon until the layer is so thick that your body starts making you fatter as a simple defense to keep "you" away from the poisons infesting you!

This "plaque" is something relatively new in the world of medicine and human anatomy, having its origin in the newer synthetic foods, preservatives, and **chemically-enhanced** materials now found in foods after the 1960s.

Dr Suzanne (loved by her adoring TV audience) discovered that the simple elimination of these toxins and the plaque resulting from it was enough in 98% of all case studies to rid people of dozens of pounds of...

*In just a few moments I'll give you a link to see it "LIVE!"

Pretty cool, huh!

And this site has a whole lot of **"fancy gadgets"** and **automatic marketing devices** on it designed to make you money automatically, over and over again, whether you are working or relaxing, or just goofing off - and **it does 99% of all the work for you!**

I've had my **Team of Internet Marketing Experts** along with the very **Best Team of Internet Technologists** deliberately design YOUR WEBSITE to where **it can generate viral-traffic automatically** starting with next to no traffic at all!

And on top of that, I've added an exciting extra **"Electronic Sales Manager"** that works **round-the-clock**, and for not just days or weeks, but for months and months directing tons and tons of visitors back to your website to automatically close **"upsells"** for you!

And this device doesn't just drive visitors back to your site, but rather BACK to **specific locations** and even **specific anchor locations** at your site so that you leverage a **FULL 90+ additional income streams** for months off of any given day's visitors! **(YIKES! Do you realize just how powerful a device this truly is? - and again, it goes to work for YOU automatically!)**

Plus, it's no joke when I say you can have it as your very own money-making robot within the next **7 minutes** up & running making you tons of **CASH!**

This "**Health Website**" I'm going to give you now has well over 90 separate proven income streams so you'll have 90 times the opportunity to make even more money than ever before!

But why "**health-related**" products above anything else?

Simple: According to [Forrester Research](#) and other **esteemed experts**, *health-related* products (including but not limited to **vitamins, nutrients, supplements, topical applications, fitness & health equipment, health drinks & formulas, health services, ebooks, etc.**) are searched for more than any other type of item online.

In fact, *statistically speaking*, of the estimated **300 million people online daily** searching the Web, **about 70%** of all searches are "health-related."

It therefore makes great sense to be in an online business where health-related items and products are your main focus.

And I've personally sat down with a **professional web design team**, and have carefully and jointly created a complete "**health business in a box**" for you so that you can immediately jump right in and be in business **LESS THAN 7 MINUTES** from now!

I've even contracted the very BEST Internet Marketers from around the World, and used their collective talents to make this "Health Web-Business" the **MOST POWERFUL** health business it could possibly be.

In fact, I've spared no expense when it came to creating this same health Internet business for you - and all so that you could get the most "bang" out of it! **(And starting just minutes from right here and now!)**

You'll see below just what I mean when you go over every single thing this amazing "health business" contains **(and remember: you'll own it!)**

And remember while looking everything over below, keep in mind how many others out there online have anything close to your amazing new health website!

I'm absolutely certain you'll come up *EMPTY* when looking for a better, more sharply designed site as the one you're about to see immediately **BELOW!**

"...For starters, your Health Website comes with a 'live' spokesmodel that actually walks out onto your visitors' screens and greets them, and persuades them to both complete the form to see the Shocking Videos as well as to bookmark the site! - Our tests show that she increases sales

conversions up to nearly 400%!"

Her name is "**Rachel**", and her powerful message both adds credibility to your site's look and feel, and also forces nearly 4 times as many people to take at least some type of buyer's or subscriber's actions!

We carefully tested your site before making it available to you, both with and without Rachel - and we found that just having *Rachel* present in her **walk-out video** was enough to really enhance your site's performance!

Rachel with and without controls shown

If you were to pay for this single feature to be added to your website, it could run you **above \$3,000** (i.e., model fees, studio leasing fees, post-production services, etc!)

But Rachel comes free when you secure your very own *Health Web-Business!*

"...Your Health Products Website also contains a very powerful 'Viral-Marketing**' device called a Tell-a-Friend Form that allows you to **get unlimited FREE traffic!**"**

Perhaps you recall the old "trick question" that asked ...

"If I agreed to pay you 1¢ on your first day of work, and each day thereafter I doubled each previous day's pay, would you work for me for one 31-day month?"

Most people say 'no' because they don't realize that if you did **double** each previous day's wage, that even starting with just a single penny it quickly adds up to over \$21 million at the end of just one 31-day month! **(And that's over 2 BILLION pennies!)**

Now, instead of pennies, just imagine that instead you start with just a single visitor to your new health site - and then that visit "doubles" your visitors because he or she invites just 2 people - and who do the same.

Carrying out like the "penny example" above, you'd (in theory at least) get over **2 BILLION visitors** inside of just 1-month! - **And think of how much you'd have had to spend on advertising to get that level of traffic!**

Now you're beginning to see the true POWER of what's known as "[viral marketing!](#)"

And your site comes complete with a tell-a-friend option **on each and every single page!**

This means that if one visitor finds one page inside your health e-biz he or she likes more than others, and they think their friends might like to see it too, then by clicking on that page's tell-a-friend option, their friends get an email (*as if directly from them!*) directing them specifically to **THAT** page!

Now that's quite a powerful "gadget!" **(See just below!)**

Ask yourself how many other health e-biz's are out there that can do this function for each and every specific webpage within their online shopping mall - we haven't seen any **(but YOUR new health site has this now!)**

"Every single webpage within your health site contains a 'specific bookmarking' feature! - and thereby increasing your sales by as much as 300% or even MORE!"

"Bookmarking" has been around since the beginning of the Web.

But very few websites have a **"specific webpage bookmarking feature"** contained in and on every single webpage.

But your new Health Business site DOES!

This powerful exciting extra has been proven to **INCREASE** your sales by as much as **300% or more**, and simply because your visitors can easily and instantly bookmark any single page or more they find of particular interests or relevancy to their search!

The screenshot shows a website interface with a blue navigation bar containing 'Home' and 'Eliminate Disease'. At the top right, there are 'Tell a Friend' and 'Bookmark This Site' buttons. A blue 'Add Favorite' dialog box is open in the center, displaying the text: 'Internet Explorer will add this page to your Favorites list.' It includes a star icon, a 'Make available offline' checkbox, a 'Customize...' button, and an 'OK' button. Below the dialog, the website content is visible. The main section is titled 'Books And Tapes' and contains a paragraph about e-books. Below this are two product listings. The first is 'Ten Super Secrets For Weight Loss' by Dr. Edward F. Group III, priced at \$9.95, with a 'BUY NOW' button and a 'Quantity: 1' input field. The second is 'Transforming Your Health in 90 days or Less', also with a 'BUY NOW' button. On the right side, there is a red banner with the text 'Steps to Getting Great Health Now!' and an image of a lit cigarette. Below the cigarette is a form with the text 'Just fill out the simple Form just below for your very own FREE detailed report now:' and input fields for 'Your First Name:' and 'Your Email:'.

Your Health Site contains a specific bookmarker for each and every page of your site!

"...Includes complete "Electronic Sales Manager" to close sales for you AUTOMATICALLY, as well as a complete "built-in viral marketing device" producing endless FREE Traffic for you! - Plus several income streams so you can cash-in BIGTIME from the Web!"

Do you even know what an "Electronic Sales Manager" is?

While some people think it's just an [autoresponder](#), it's actually much, much more!

Here's what **YOUR** brand new Automatic Electronic Sales Manager will do for YOUR Health Website:

1. It **automatically captures site visitors for you** through multiple channels - **NOT** just through a single lead-capturing system, but **through several very clever and extremely powerful devices!**
2. It then **forever connects** these visitors to **you, your links**, and **your affiliate IDs** for the several health-related product lines that are *proven* the most popular sellers on the entire Web! **This way you get credit for sales even if they happen TODAY or many years from now!**
3. Then it **automatically embroiders** (*unlike a primitive "cookie" system*) your seller's information through our own unique and very powerful **Database Drive System (DDS)** so that there's **NEVER** any risk of your visitors buying through anyone but YOU! **(This ensures your profits whether your visitors buy the day they first visit your site, or at any time in the future - even many, many years from now!)**
4. It then **automatically and electronically schedules for you** (*with NO effort or attention from you ever!*) **multiple and sequential emailed-messages tailored to your visitors' specific health-related needs** - and offering them *carefully-selected* health products they absolutely need, demand and must have! - **And they of course are forced to buy through YOU!**
5. This process continues through all **90+ additional income streams** and through an equal number of health-related products! - Thereby **MAXIMIZING** your profits indefinitely!!
6. **You continue to make lots of money in this way for many, many years to come** (even off of any given day's visitors well into the past!)

Now that's quite a "punch" my **Electronic Sales Manager** is capable of giving your visitors - and for YOUR SUCCESS - both immediately and long-term!!

Time-Sensitive Announcement...

STOP: Before you spend *one more second* thinking about how you're going to make money on the Internet, you need to **crack open your daytimer** and **stop time** right here & now and hear this...

... Because now MY TEAM will build this site for you to make you money - even while you sleep!!

"This Famous TV Doctor has Discovered Once and for All the "Top Secret Fat Loss Secret" Other Doctors Refuses to Tell You About!" ...
... And now she's just going to give you her secret! ...

Dr Suzanne Gudakunst has finally come forward to reveal her discovery that to get rid of fat has little if anything to do today with diets and exercising, and more to do with **toxic build-up** in your intestines and **parasites** living in your stomach!

This toxic build-up eventually forms a **plaque** that coats the interior walls and lining of your colon until the layer is so thick that your body starts making you fatter as a *simple defense* to keep "you" away from the poisons infesting you!

This "plaque" is something relatively new in the world of medicine and human anatomy, having its origin in the newer synthetic foods, preservatives, and **chemically-enhanced** materials now found in foods after the 1960s.

Dr Suzanne (*loved by her adoring TV audience*) discovered that the simple elimination of these toxins and the plaque resulting from it was enough in **98% of all case studies** to rid people of dozens of pounds, to in extreme cases of obesity more than 100 lbs!

So now is the time to take action and grab your very own super-profitable "Health Biz in a Box" right away! ...

Now is the moment that you MUST decide to take action and then complete your order for your very own Health Biz in a Box!

You've already just seen above all the amazing things it has, and what all it can do for you.

Therefore, whatever you do, please DON'T waste another moment longer as time's running out - You see, once I get a select number of Members, I may decide to close this opportunity further.

My Company is designed to handle a certain (but very large) number of sales and volume. But even as large and powerful as we are, we keep a ceiling on Memberships.

Ordinarily \$1,497.⁰⁰, but yours for just \$67 if you order now or within the next 5 days!!

You will have to pay FULL PRICE after:
04 days | 23 hours | 58 minutes | 13.1 seconds

Just click the big red button to order now! ...

Last Word & Final Warning! ...

I know you must recognize what a truly great opportunity this is! You can have a full-functional website with multiple income streams, as well as automatic machinery in place to close and drive sales & traffic for you!

Therefore, don't be put off when I tell you that I'm only accepting just the 1st "17 people" who act today!

That's the MOST my Team can handle immediately, so that's why I'm putting an upper limit.

You do understand, right?

So DON'T dilly-dally around - grab your site NOW!

Most Sincerely,
