Dear Future Ebook Business Owner,

As you might know already, ebooks are **big business**. Huge, actually. It's no exaggeration to say the business is **MASSIVE**.

That's for a very good reason...because selling ebooks you own is one of the best Internet business models you'll ever find. Here's why:

- **Information is HOT.** It's probably the hottest Internet business around, and ebooks are a monster part of it. The ebook market hit \$130 million in 2006, and roughly \$220 million in 2007. In five years it'll probably be at \$3 billion to \$5 billion. *That's billion with a "B"*.
- **If you sell your own ebook, you can get a cut of that.** That's a huge competitive advantage, because you're not depending on anybody else's product to make you money. **You control it, you make a killing on it. It's that simple.**
- **It's easy to set up the business.** Your startup costs are outrageously low, and you can be up and running in only a week or two. *It almost feels like you're cheating...but you're not.*

So the ebook business is huge, but you don't have to believe the "big picture" statistics I just gave you. Have a look at the **PROOF** which is what really matters...

## **I'm An Expert At Creating HOT-SELLING Ebooks, Guaranteed To Make Anyone Who Owns Them A Huge Fortune!**

I'm not bragging. I started with nothing, so I there's really no room for me to brag about anything. Just ask my wife...

It's a simple fact that **my ebooks now spew money into my life like you wouldn't believe**. I'm talking about money like this:

### Welcome to ClickBank!

The sales subtotals below provide a snapshot of your recent sales. The sales are reported in Pacific Time on the 1st and 16th of each month. For more information on more detailed transaction reporting, click on the "Reporting" tab that started.

The above shows a **bank-account-bulging \$85,312.05 from one ebook product...in only 8 days!** And that's from

only one ebook.

Have I got your attention yet?

## Don't You Wish You Could Make Money Like This, That Fast?

I'm NOT talking about getting rich overnight. That's always a scam.

I am talking about **seeing REAL cash within a couple days**, without having any prior experience or special talents. How about my first day in that screenshot...where **\$25,196.29** fell in my lap? You like the sound of that?

I'm here to tell you that you **CAN** make money that fast...and it's not illegal or even the slightest bit shady.

And I'm going to hand you the easiest way to set up your own ebook business without even writing your own ebook. **You'll own the ebook, but you won't have to lift a finger to write it.**

Even better, **you can tap into my proven expertise and experience** in setting up **massively profitable** ebook businesses that have made me and many others a fortune!

# Introducing A Highly-Exclusive Opportunity To Grab Your Own Hugely Profitable... **Ebook Business In A Box™ System!**

**The Fastest, Easiest Way To Cash In On Selling Ebooks On The Internet...If You're One Of The Lucky Few To Grab It Before It Vanishes Forever.**

You **don't have to have any experience selling anything on the Internet before**. You definitely don't have to be a genius. And here's what else you don't need:

- You don't need to write or create your own product
- You don't need to create your own website
- You don't need to spend money on fancy graphics

- You don't need to write your own expensive sales copy

Why not? Because I've already done the work FOR YOU, and I'm going to let you make money with what I've painstakingly created!

Maybe you've heard people talk about a "no-brainer" decision before, meaning one that's so easy and so obvious that you don't even have to think about it. Well...

## This Is A True 100% No-Brainer "Business-In-A-Box" Opportunity

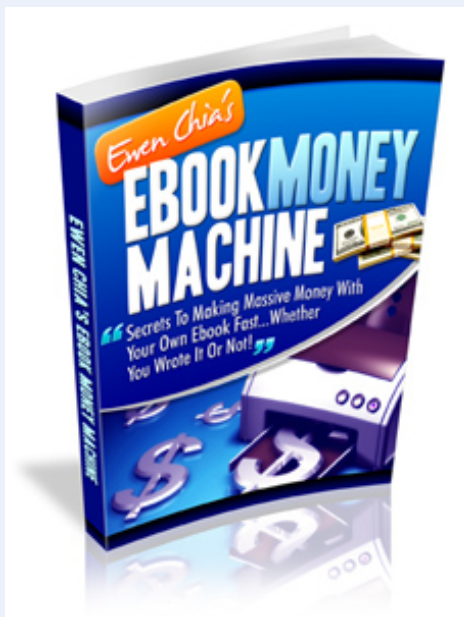

**It literally takes only minutes to get started.** All you have to do is grab your own *Ebook Business In A Box*<sup>™</sup> system (before it vanishes). Really, that's all you have to do, because this package contains everything you need. And I'll prove it.

*Here's what's included in your ebook business-in-a-box:*

### System Component #1:

**Exclusive Worldwide Resale Rights License  
To "Ebook Money Machine"! (\$997.00 Value)**

You'll get full worldwide resale rights for the "Ebook Money Machine" ebook - **FOR LIFE!**

You can [click here to see the sales page](#).

You'll get the book itself, of course, which means you'll own one of the best books about creating your own ebook business ever published.

This goes way beyond the average "how-to" ebook to give you practical advice you can apply immediately to start seeing cash profit from your own ebook business.

It's an education you would normally pay big fees to get. For example, here's just a taste of what you'll learn inside this best-selling manual:

- The simple secret to creating an ebook that sells like crazy. It boils down to one four-letter word. And I'll tell you how to use it to make creating an ebook as easily as you breathe.
- How to find a niche that's starving for your ebook...and will buy it like mad. I'll show you exactly how to find these gold mines quickly and easily, for free... with three simple tools I'll hand you.
- How to write your own ebook the easy way. I'm going to give you **13 easy ways to create an ebook product that'll make your market drool**. Best of all, 12 of these methods are NOT starting from scratch.
- Eight ways to market your ebook so people almost fight each other to buy it. These are cutting-edge strategies that will put your light years ahead of your competition. And I'll even show you how to combine these techniques to see profits in only days.
- Four simple strategies to use affiliate marketing to explode your ebook income. Want to *double or triple the income from your ebook...with barely any extra work*? I'll show you exactly how to do it with "insider" affiliate marketing techniques.

With "Ebook Money Machine" in your arsenal, you'll be an unstoppable force in the ebook world. And with *Ebook Business In A Box™*, I'm going to hand you something even better than your own copy of the book to learn from...

**I'm going to grant you an Exclusive Worldwide Resale Rights License.** Maybe the concept of a "resale license" is new to you, so let me tell you exactly what this exclusive license can mean to you:

- You gain the right to sell the book and keep 100% of the profits. Sell it from your own website for a minimum of \$17 a copy. **If you sell 25 copies, you'll make \$425.00**

**instantly.** If you sell 50 copies, you make \$850. Sell 100 copies and make \$1,700... and so on—forever! *You won't owe me a dime for royalty fees. It's 100% pure profit in your pocket.*

- You control the product. You don't have to ask anybody's permission to sell it, and you won't be dependent on anybody else's product for your income. *You control it, you profit from it. Period.*
- You'll have a proven product to sell. This is a huge competitive advantage. There are people out there trying to sell resale rights junk. When you read this book, you'll see it's NOT a "run of the mill" piece of resale rights garbage. It already sells well, and people love it. Now it'll be in your product line.

That kind of profit potential and product control is really priceless...

## **System Component #2:**

**Exclusive Rebranding Rights To "Ebook Money Machine"! (\$297.00 Value)**

You'll also get full rebranding rights, which lets you rebrand the ebook with YOUR NAME, WEBSITE URL and YOUR OWN affiliate links!

That's just technical jargon to say you'll be able to change the links in the ebook to put money in your pocket instead of mine!

That gives you an amazing **10 streams of automatic income instantly!** (You need a free ClickBank account for this.)

These income streams are for fantastic products that almost sell themselves. They're already selling like crazy, and they're likely to keep that up for years.

All you have to do is flip the switch to turn on those income streams and start pouring profits into your bank account.

You pretty much don't have to do any work at all. *This is like having your own automatic sales machine that pumps out profits for you 24/7.*

There's no telling how many of each those products you'll sell, so I can't even put a dollar figure on how much you can make. But let's be very conservative and estimate.

If you sell just one copy of each of the products, just ONE, you'll rack up \$320.80 in profits. And I'm pretty darn sure you'll sell more than one of each.

Frankly, I didn't even add up all of the potential profits because I don't want you to think I'm exaggerating.

Let me tell you, though, that the \$320.80 number is *VERY* conservative, and some of those commissions are recurring, so you'll keep getting paid month after month.

They're right there...just waiting for you to say you want a slice of that pie.

That means you need only 15 sales to make your \$997.00 back. Only 15 measly sales! And like I said before, I'm pretty darn sure you'll get more sales than that.
