This Is Insane! A <u>FREE</u> Software That Will Reveal To YOU Exactly How To Build Your VERY OWN Online Niche-Site Empire and Put It On 100% <u>Auto-Pilot!</u>

Generate THOUSANDS of **fresh**, **unique content-rich** webpages from highly-targeted keyword lists. Ever heard that "Content is King"? That's only half of it... "<u>FRESH</u> and UNIQUE Content is King"!

Add extremely targeted auto-refreshing content to your website by using rotating keyword definitions and put your niche keywords on steroids. Fill each of your webpages with content the search engines will love. When determing how important a webpage is, search engines look at words that are highly related to the main keyword and that are frequently updated. **Your rotating keyword definitions will attract the SE spiders like ants at a picnic.**

Keep your webpages fresh with unique content by **placing several rotating RSS feeds to ensure that all pages are unique and highly related to the topic.** This is <u>CRITICAL</u>. Having these RSS feeds will make your pages unique to the search engines and you shouldn't get penalized for duplicate content.

Include one high quality article based around the main keyword for the webpage

Insert **your unique Google™ AdSense ads on <u>each and every</u> page**. By using 3 Adsense code blocks which are integrated into each page you will maximize your clickthrough rates.

Use the power of pay-per-click ads with the potential of affiliate payouts by creating contextual ad links within your content-driven webpages. Dynamically create <u>unique affiliate links</u> and employ them in the <u>content</u> of your webpage based on the keywords of your website.

Use your unique affiliate ID for ClickBank, Amazon.com, and others within your contextual links. (*For GOLD users only*)

Use a perfect linking structure to ensure all of your web pages get indexed quickly into the search engines.
